

Individual Project

Review collection(electronic devices, luxury brand, furnitures, etc.)

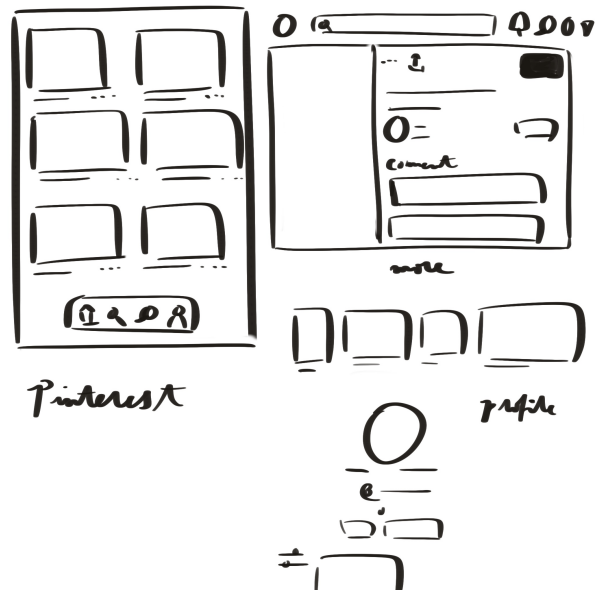

- links to different youtube videos
- link to the stores (BestBuy, Apple, Dyson, Ikea, etc.)
- link to different review articles
- users can create their own patterns of review collections (future development of the site can be that the site would suggest reviews to the users according to their usage patterns)
 - similar to Pinterest
 - users can add a video to their collections, rearrange them to another collection, and delete them from their collections
